WILSON CALLS UPON HARDING TO EXPLAIN STATEMENT PRESIDENT ALSO SENDS QUERY TO FRENCH GOVERNMENT

STRIKE CAUSES POUND TO DROP

British Exchange Rate Reduced
By Walk-Out of Coal MinersProminent Labor Leader Thinks
Settlement Near at Hand

London, October 18.—One effect of the coal strike upon financial London has been the weakening of the pound sterling, which has dropped to \$3.44 on buying orders to cover actual and prospective coal shipments from the United States to Europe.

Persistent reports of efforts to settle the coal miners' strike partly relieved the spirit of anxious uncertainty of the British nation today. For the moment, however, these reports seem to have greater basis in hope than in actual information.

John R. Clynes, former food controller, and one of the most moderate of the labor leaders, has expressed confidence in a settlement within a week if both sides could be brought together to discuss calmly the controversy.

He advocated as a basis of agreement the granting to the miners of half their demands and the submission of the remainder to an impartial tribunal.

J. H. Thomas, general secretary of the National Union of Railwaymen, also has made moderate statements, and both these men are relied upon to do their utmost to shorten the strike.

BANKERS AGREE TO RENDER AID TO THE CUBANS

Bonds Will be Issued For
Financing The Cuban Sugar
Crop.Financial Stringency Is To Be
Ended

(By Associated Press)
Washington, October 18.—American bankers agreed at a conference here today with officials of the government and sugar companies to afford relief from the present financial stringency in Cuba.

Under the agreement the bankers will purchase bonds issued by the Cuban government which will use the money in financing the sugar crop and in affording other relief.

Declaration by G. O. P. Nominee Regarding Being Approached by French Agent Draws Fire

Wilson Says "Grave and Extraordinary Inference" To Be Drawn.

Asks Harding Whether Statement Was Made by Nominee As Reported in Press.

French Government Also Asked Regarding Harding Statement On League.

(By Associated Press)

Washington, October 18.—President Wilson today directed inquiries to both the French Government and Senator Harding as to the Republican candidate's recent statement that he had been approached "informally" by a representative of France and asked to lead in the formation of an association of nations.

Mr. Tumulty would not say what form the inquiry to the French government had taken, nor whether it had been communicated through the Embassy here or through the American Ambassador at Paris.

(By Associated Press)

Washington, October 18.—President Wilson today addressed a letter to Senator Harding relative to the Republican nominee's statement of Saturday that he had been approached "informally" by a representative of the French government relative to a new association of nations.

Quoting from a dispatch dated St. Louis, Oct. 16th, purporting to report the statement of Senator Harding, the President said:

"I need not point out to you the grave and extraordinary inference to be drawn from such a statement, namely—that the government of France which is a member of the league of nations, approached a private citizen of a nation which is not a member of the league with a request that the United States lead the way to a world fraternity."

He said the State Department "had always found the government of France both honorably mindful of its international obligations and punctiliously careful to observe all the proprieties of international intercourse" the President wrote that he hesitated to "draw the inference to which I have referred unless I am assured by you that you actually made the statement."

DISCUSS PLAN TO REORGANIZE NATIONAL GAME

Plan Submitted Would Provide "Civilian" Tribunal

Plan Grows Out of Crooked Games in 1919 Series.

(By Associated Press)

Chicago, October 18.—Discussion of plans for the reorganization of base ball under a "civilian" tribunal was started here today at a joint meeting of National and American League club owners.

The chief topic today was the discussion of the Lasker plan of reorganization, which if adopted would place control of professional base ball under a "civilian" tribunal of three men not interested financially in the game.

The conference is the outcome of suggestions made following grand jury disclosures of crooked work in the 1919 world series.

BASEBALL QUIZ TO BE RESUMED

(By Associated Press)
Chicago, October 18.—Nineteen witnesses have been summoned to appear before the Cook county grand jury tomorrow when the investigation into the base ball scandal is resumed.

The grand jury also will start investigation of base ball pools.

Police Use Clubs and Stone work Falls

(By Associated Press)
London, October 18.—Disorders occurred in Whitehall this afternoon in connection with the coal miners' strike during a demonstration by unemployed men who had sent a delegation to Premier Lloyd George in Downing street.

Several persons were injured in attempts to break through a police cordon and others were hurt when some stonework from a window on the treasury building fell. A large number were taken to hospitals.

Supreme Court Refuses to Advance Injunction Case

(By Associated Press)
Washington, October 18.—The Supreme Court today refused to advance the hearing of the suit brought by Chas. S. Fairchild for an injunction restraining Secretary Colby from promulgating the Federal suffrage amendment.

This precludes any possibility of the case being heard before the November election.

PRO-LEAGUE REPUBLICANS TURN TO COX

Joint Statement Signed By Over A Hundred Republicans And Progressives Repudiates G. O. P. Leadership.

(By Associated Press)
New York, October 17.—A joint statement by "over one hundred representative men and women who have usually supported the Republican or Progressive tickets" announcing their intention to vote for Cox and Roosevelt and those senatorial candidates "who stand honestly and frankly for ratification of the treaty and adherence to the league," was made public here tonight by Hamilton Holt, magazine editor.

This statement sets forth that "it is now too late to talk of a new 'association of nations' to be created under Republican auspices," repudiates the present Republican leadership that "has permitted the Republican Party to become a 'little America' party," and urges all Republicans and progressives to "put patriotism above party" and

add their names to the list of signers.

This list, according to Mr. Holt is increasing daily. An analysis, given out with the statement, said that it included fifteen Republican officers of the league to enforce peace; clergymen representing all the principal denominations; the presidents of Oberlin, Vassar, Smith, Bryn Mawr and Mt. Holyoke colleges; several veterans of the great war and nine former Republican or Progressive party managers and office holders. In the last classification were listed Charles P. Howland, of New York; Violet M. Leroy, New York; Theodore Marburg, Baltimore; W. H. Nichols, of Bennington, Vt. Herbert Parsons, of New York; Elias D. Salisbury, Indianapolis; Edwin E. Slosson, New York; Richard Welling, New York, and Alice White of Wellesley, Mass.

The statement declared that the Republican Party, in "drifting toward national isolation, had repudiated political traditions under which the signers had been reared—traditions emphasizing the international responsibilities of America from Lincoln to Taft."

"Asserting that they held no brief for the present administration, and did not insist 'on any particular wording of reservations to any articles of the treaty,' the signers set forth that they did not desire that 'a cause which should have served to unite all parties in the same spirit of common services which won the great war should be made a basis of party difference in the present campaign.'"

Such Republican spokesmen as Andrew D. White, Joseph M. Choate and Elihu Root labored for the development of international law and for the organization of the world through the two Hague conferences," read the statement. "We should continue in the path they indicated."

LAST BIG MEET AT FRONT PORCH

(By Associated Press)
Marion, O., October 18.—Speaking to a crowd of several thousand gathered here today for the last big meeting of the front porch campaign, Senator Harding argued for maintenance of a "two-party" government and declared that in the present coming election new voters should turn to the Republican party as representing a progressive national policy.

HAVE NO CLEW TO THE MURDER OF COLLEGE LAD

Dartmouth College Student's Body is Found

Bullet in Head Indicates Foul Play

(By Associated Press)

Philadelphia, Pa., October 18.—Police of this city had no clue today to clear away the mystery surrounding the death of Elmer C. Drewes, the Dartmouth College student, a resident of this city, who was found dead Sunday morning on the outskirts of Philadelphia with a bullet wound in the head. No weapon was found near the body.

The police said they intended to question Charles Schlooms, of New York, heir to a \$100,000 estate and friend of Drewes, in the hope that he might be able to give aid in tracing Drewes' movements.

Robbery, the police say, was evidently not the motive if Drewes was murdered, as about \$900 in cash, checks and liberty bonds were in his clothes when the body was found.

REFUSES TO REVIEW CASE

(By Associated Press)
Washington, October 18.—The Supreme Court today refused to review the conviction in New York of the American Socialist party for violating the espionage act.

The party was fined \$3,000 for publishing a pamphlet by Scott Nearing, entitled the "Great Madness."

Nearing was tried at the same time but was acquitted.

SLEEPS WELL

(By Associated Press)
London, October 18.—Terrence MacSwiney, Mayor of Cork, passed a very good night at Brixton Prison, according to a bulletin issued early today. It is said he slept well, but seemed to have caught a slight cold. Every precaution, however, is being taken to prevent its development.

Palmer Calls Upon Acting Mayor Of 'Frisco to Give Facts

Delegates to National Convention Alleged to Have Been Served.

(By Associated Press)

Washington, October 18.—Attorney General Palmer today directed the United States District Attorney at San Francisco to make a full and complete investigation of reports that 44 barrels of whiskey and gin were withdrawn from bond at San Francisco for entertainment of delegates to the Democratic National convention.

At the same time Mr. Palmer in a telegram to Acting Mayor McLean of San Francisco, called upon that official either to produce the proof or publicly retract a statement attributed to him that Mr. Palmer knew all about the whisky transaction at the time.

Mr. Palmer's message to the acting mayor was predicted upon special dispatches from San Francisco appearing in newspapers in Washington and other cities yesterday morning.

These dispatches said facts as to withdrawal of whisky had been disclosed by a grand jury investigation.

FIRST HUNGER STRIKER IN CORK JAIL SUCCOMBS

(By Associated Press)
Cork, October 17.—The first death among the hunger strikers in Cork jail occurred tonight. Fitzgerald died at 9:45 o'clock, having fasted sixty-eight days.

The condition of Fitzgerald and Murphy had become so grave today that with the consent of the other hunger strikers, the prison doctors were permitted to give Fitzgerald medical treatment. A Cork specialist also was called in.

Fitzgerald was arrested for shooting private soldier Jones outside Fermoy Church on September 7, 1919.

NEW HOLLAND GIANTS DEFEATED BY LEGION

On the New Holland diamond Sunday afternoon the New Holland Giants fell an easy victim for the Jamestown American Legion baseball club and the ex-soldiers won the game 11 to 1.

Sollars went five innings for the Holland team and Wood finished the game in the box. Parker pitched well for the Legion nine.

Errors were mainly responsible for the numerous runs scored by the Legion. Time after time New Holland men were on third base but fast pitching, backed up by good support, allowed their only run in the seventh inning.

EXTENDED ILLNESS IS ENDED BY DEATH

Death at 4:30 o'clock Sunday afternoon summoned Mrs. Sadie Stewart, 61, at her home in West Lancaster, after an illness lasting over three months.

Mrs. Stewart was well known in Jeffersonville and Milledgeville. She had lived for years in the West Lancaster community.

A son, Roy, and a daughter, Mary, survive.

Funeral services will be held Tuesday afternoon at two o'clock in the West Lancaster M. E. Church and burial will be made in the West Lancaster cemetery.

WIFE OF FORMER RESIDENT DIES

Mrs. Leona May Smith, 22, wife of Oscar Smith, formerly of this county passed away at the Hodson Hospital at eleven o'clock Sunday morning.

Mrs. Smith entered the hospital two weeks ago suffering with complications arising from an extended illness.

The body was removed to the Klevor Undertaking rooms and prepared for burial and was sent to the home at Cuba, Clinton county, over the B. & O. Monday morning. Funeral services will be held Wednesday afternoon and interment will be made in the Cuba cemetery.

POLICE SEEKING THREE MEN IN A YELLOW MOTOR CAR

(By Associated Press)

Camden, N. J., October 18.—New Jersey authorities today were seeking three young men seen in a yellow automobile last Friday in the vicinity of the secluded spot at Bricks Crossway, where the body of David Paul messenger for the Broadway Trust Company of Camden, was found Saturday.

When he disappeared on October 15th, Paul was taking \$10,000 in cash and \$12,500 in checks to a Philadelphia bank. No money was found on the body but all the checks were intact in a pocket.

America's sweetest singing comedienne, Nora Bayes, is coming to the Hartman Theater, Columbus, Ohio, for a visit of three days beginning Thursday, October 21. She will appear in the most pretentious play ever provided for her, a new musical comedy "The Family Tree," comprising ten scenes and ten acts. There are more than sixty people in the company, including a bevy of beautiful girls, and with a special orchestra for the ambitious and highly melodious score. Al Weeks, a Detroit newspaper man, wrote the book and lyrics, and the musical score is by Seymour Simons. Foremost in support of Miss Bayes in the cast is Julius Tannen, generally recognized as the most able of vaudeville monologists and remembered for his excellent portrayal of the part of Perlmutter opposite Barney Bernard in "Potash and Perlmutter." Mail orders should be sent in at once. There will be a matinee on Saturday.

Mr. H. Renick Boggs returned Sunday from a most interesting week's trip through the South and East, as one of a party of seven Ohio merchants the guests of the Marshall Fields Company, of Chicago.

The special object of the trip was to visit the Marshall Fields cotton mills in Spray, N. Carolina, Fieldsdale, Va., and neighboring territory, the company having thirteen mills in this district, and to gain insight into present manufacturing conditions as they are relative to future price conditions.

Enroute South there was a stop in Washington, D. C., where the party was handsomely entertained with a dinner at The Willard, and motoring trip, and the return was made via New York, where similar entertainment was provided.

There were also pleasurable social features in connection with the stay in the South, a representative of Marshall Fields going from Chicago to assume the role of host.

**EVERY DRIVER
SHOULD KNOW**

Because of the frequency of highway accidents due either to ignorance or carelessness of automobile drivers the following rules, taken from the statute are given for the careful perusal of all who drive either horse drawn or motor driven vehicles on the highways. The rules apply to both equally unless more specifically indicated.

A vehicle meeting another shall keep to the right and give one half the road.

A vehicle overtaking another shall pass to the left.

Give timely warning when overtaking a person or vehicle on a road, or approaching a dangerous crossing or curve.

In approaching a crossing of streets or roads grant the right of way to any vehicle approaching from your right.

Between thirty minutes after sunset and thirty minutes before sunrise, display two white lights in front and one rear light which shall illuminate and make plainly visible the license number tag.

Dim your lights when approaching another vehicle.

Don't think your responsibility ends with the honking of your horn when another is in your path. He may be a crazy man. You don't know.

In a case recently decided by the supreme court, in which an automobile collided with a team of mules and wagon at night, and each charged the other with negligence in driving upon the wrong side of the road the court said:

In a collision case no recovery can

be had for injuries from defendant's negligence when it appears that plaintiff's own negligence directly contributed in a degree to the injuries complained of.

If the jury should find that the absence of lights on the wagon directly contributed to the injury the plaintiff could not recover even though the defendant were negligent.

But one light was displayed on the front of the motor vehicle, and no light was displayed upon the wagon. The driver of the automobile was guilty of negligence as a matter of law in not displaying sufficient lights, and if the accident occurred one hour or more after sunset, the driver of the wagon was guilty of negligence as a matter of law in not displaying a light

Great Britain's Miners Strike

The agitation among the coal miners of England, affecting as it does more than a million men, is causing grave concern not only throughout Great Britain but throughout the world.

British authorities are insistent that the agitation is confined to the coal miners and there is little, if anything, to warrant the belief that the discontent among the miners will spread to and involve other classes of workmen and the fear that the unrest will assume the magnitude of a revolution, is scoffed at by the statesmen and business men.

Notwithstanding these assurances, however, from presumably sources of authority, there is no little apprehension felt as to the outcome of the clash between the miners and their employers.

Coming closer home, in contemplating the effect of the strike, the placing of an embargo on the exportation of coal by the British government carries with it a menace to our own coal supply—already, in most parts of the country a matter of grave concern and in every section of the nation only obtainable at unheard of prices.

There is not so much danger of exhausting or even materially diminishing our coal supply as there is that conditions in Great Britain and especially those caused by the embargo on exportation and forbidding the coaling of foreign ships with bunker coal, may be seized upon by market manipulators and converted into propaganda supporting further raids on the pocketbooks of the American consumers.

"Luxury" Figures

The enormous sum of two billion seven hundred million dollars was spent last year, according to compilation and arrangement of figures by the treasury department, for taxable luxuries and yet we hear many people complaining about hard times.

The American women, famed beauties that they are, spent an even three quarters of a billion dollars for rouge, lipsticks, powder and perfume during the year 1919. While the American beauties were spending so large a sum in an impossible attempt to improve on their natural good looks the men folks were giving up more than a billion and a quarter of dollars, in loose change for cigars and cigarettes, \$800,000,000 of which was for the little "coffin nails" alone.

A little item of \$50,000,000 must be credited in the summaries to expenditures for chewing gum made by those who seem to think man has been cheated by nature in not having a "cud" like a camel and who are seeking to make up nature's short comings in that respect by an invention of their own.

Strange to say it is not the expenditure for luxuries that has made people peevish with the existing order of affairs of government so much as it is the tax "extorted" because of these expenditures.

No wonder there is discontent and a desire for a change. Nearly three billions spent for taxable luxuries in a year's time indicates a surfeit of good times calculated to make an era of hard times a relief.

A Motorcycle Corps

The activity of the auto bandits has very measurably slowed up the agitation for mounted police or a "state constabulary" patterned after the mounted police of Canada.

Instead has come the demand for the organization and equipment of a motorcycle corps of police officers who are not hampered by city, county or state lines. A police force equipped to pursue the bandits and run them down, whose presence, mounted on motor vehicles which are capable of outrunning the best automobile, to act as a deterring influence on those who contemplate the commission of crime on the streets of the city or on the roads of the rural districts.

The increase of crime, due to the coming of the automobile and its appropriation by the criminal classes is a fact to which we can no longer close our eyes and one which demands action.

The motorcycle corps seems to be the only means to deal with conditions which have become a real menace, so let's forget the cost and prepare for protection before conditions grow any worse.

POETRY FOR TODAY

STRENGTH

After the cleansing of body the strength of its cleanness the feel of the luster of shining muscles and arteries true as steel;
Strength from the sense of refreshing bathing to rise and go
And strike with a firm resolution a well-measured blow.

Well, if from cleansing the body such strength, why not go clean
In spirit, a clean soul helping to burnish with deathless sheen
The armor of reason and action, lifting the purpose of life
Out of the stain and the muddle to the singing peaks of the strife.

KANSANS NOW REGARD STATE AS WON BY G. O. P.

Some Cannot Remember The Names of Democratic Candidates.

"Two Apples" Running For Governor — State is Whimsical and Impulsive.

BY MARK SULLIVAN
(Copyright 1920)

Kansas City, October 18.—I was talking with George Longan in the Kansas City Star office. It was Longan's business to know everything about politics in the neighboring states here and to be intimately acquainted with all the politicians who cut any figure. He earns his living at it, and he does his job well. When there is anything doing in local politics George Longan knows it before it happens.

We had covered Missouri and got around to Kansas. I said:

"What's the name of the man running for Governor on the Democratic ticket in Kansas?"

"Let's see," he said. "I never can remember that fellow's name. I ought to remember it too, because I always try to associate it with the name of an apple."

He turned and called across the room to R. E. Stout, the editor of the Star.

"Say, Stout," he said, "what's the name of that fellow running for Governor on the Democratic ticket in Kansas? It's the same name as an apple."

"Oh yes," Stout replied. "I remember. It's the name of two apples. The first is Jonathan. I know Jonathan is his first name. Let's see, what could his second name be? It couldn't be Northern Spy nor Winter Sap. Could it be Smokehouse?"

"No," said Longan. "It isn't Jonathan Smokehouse. I would surely remember it if I heard it." "Could it be Baldwin?" queried Stout. "No—I remember. It's Davis Jonathan Davis is his name. I knew it was the name of two apples."

Forgot Another Candidate's Name

I took the episode in. It seemed to have considerable evidential value so far as any excitement about the Kansas Governorship race is concerned. But I wanted to cover the situation fully, and especially I wanted to know whether the Republican Senator, Curtis, is likely to hold on to his seat. I asked Longan: "Who's running for United States Senator on the Democratic ticket in Kansas?"

"Shucks," he said. "I've forgotten his name, too; but it doesn't matter anyhow. He got sick, or something, and went to California and isn't making any campaign."

The whole conversation seemed, under the circumstances, to be reasonably convincing as regards the present prosperity and degree of future hope among the Democrats of Kansas this year.

To be sure, the Democrats don't by any means admit all the inferences which the penetrating reader will have gathered from this narrative. Kansas Democrats are of the breed that doesn't give up hope. As a ribald Republican said: "There're just as happy as if they were in their right minds." Joseph Daniels is coming into the state to make speeches, and Mr. McAdoo also.

Maybe that's all right. Kansas is an extremely volatile state. It was Kansas which four years ago started that western landslide that rolled up victory for Wilson and the Democrats in 1916 was for Hughes in September, but in November gave Wilson a 40,000 majority. Normally Kansas is not merely a doubtful state but a whimsical and impulsive state, given to sudden and violent lurches in one direction or another, and keeping all the politicians in a state of jumpy nervousness until the last vote is counted. But this year, as Longan remarked:

"If you're looking for doubtful states you'd better pass up Kansas and hop off East by South."

ATTACKS PLAN FOR A UNION OF THE AMERICANS

(By Associated Press)

BUENOS AIRES.—The Monroe Doctrine is not a doctrine of "America for the Americans" but of "America for the North Americans," declared Dr. Lucio M. Moreno Quintana, an Argentine lawyer and a grandson of a former President of Argentina in an address recently before the law students of the University of Buenos Aires in which he attacked the proposal made by President Brum of Uruguay last April for the formation of an "American League."

President Brum's idea that the league should be based on a declaration by all Latin-American countries similar to the Monroe Doctrine which would thus place them on a footing of equality with the United States, in maintaining that doctrine, was asserted by Dr. Quintana to be a dangerous one for Latin-America. He told the students that the danger lay in "North American imperialism." For the Monroe Doctrine was an imperialistic doctrine solely intended to maintain North American hegemony over the rest of the continent.

Dr. Quintana contended that the safety of Latin-American countries lay in the formation of a league exclusively among themselves, a Latin-American league of countries of the same origin, analogous customs, similar language and professing the same ideals and aspirations. It should be formed "with the end of uniting their common interests and presenting a defensive bloc against North American imperialism and against any European pretensions," though he believed the latter would be very remote.

Before a great banking of chrysanthemums and palms, the marriage of Miss Rachel Houston, daughter of Mr. and Mrs. F. B. Houston of South Charleston, Ohio to Mr. John C. Quinn, of Cincinnati, was solemnized Thursday evening at 8 o'clock in the South Charleston Methodist Episcopal church. The chancel and altar were enhanced by tall cathedral candles which twinkled among the white chrysanthemum blooms.

The single ring service was used. Rev. E. T. Waring of Troy, Ohio, officiating.

Mrs. William Corwin of South Charleston presided at the organ and gave a short musical program preceding the nuptial hour.

Mrs. Henry Nonnez of Cincinnati and Mrs. Herberton Fricke of Philadelphia were the two matrons of honor and the bridesmaids were Miss Constance Williams of London, Miss Jean Dawes of Chicago and Miss Virginia Flowers of Sedalia, Missouri. All of the bride's attendants were her school friends at Lasell and National Park seminaries.

Their gowns were all similarly fashioned and they wore dainty tulle hats trimmed with ostrich tips, the hats in each case matching the frocks.

Mrs. Fricke's gown was of blue tulle and she carried an arm bouquet of yellow roses. Mrs. Nonnez was gowned in orchid tulle and carried pink roses. All the maids wore quaint frocks of peach colored tulle and carried Aron Ward roses.

Mr. Henry Nonnez of Cincinnati was best man for the bridegroom and the ushers were Mr. Richard Quinn, brother of the bridegroom, Mr. Joseph Homan, Mr. Charles Knowlton and Mr. Charles Thomas, all of Cincinnati.

The bride, who descended the aisle on the arm of her father, wore a wedding robe of duchess satin, fashioned with a full court train. Her veil, in coronet style, was caught with orange blossoms, and she carried a shower bouquet of bride's roses and lilies of the valley.

After the ceremony, a reception was held at the home of the bride's parents, only the immediate families and close friends being in attendance. After a motor honeymoon trip, Mr. and Mrs. Quinn will be at home in the Essex apartments, Cincinnati.—Columbus Dispatch.

Monday morning at ten o'clock at the Church of Christ, Miss Iva West, daughter of Mr. and Mrs. S. A. West of South Payette street, was united in marriage to Mr. Arthur E. Whited, son of Mr. and Mrs. L. P. Whited of Sycamore street.

M'CLAIN BEATEN BY LOCAL HIGH SCORE 40 TO 14

Blue And White Warriors Stage Great Comeback In Second Half And Stampede To Victory.

Beaten at the end of the first half, 12 to 14, Washington High School staged one of the greatest comebacks in its gridiron history at East End Park Saturday afternoon before a record breaking crowd, and the heavy McClain High eleven of Greenfield was sent home defeated, 14 to 40.

It was again a demonstration of the unconquerable spirit shown by Washington High teams and the spirit that sent them back to the field at the beginning of the second half determined to take the game sent the backs crashing through the McClain defense while time after time the Greenfield team was held for downs with out moving the ball a foot because of the impenetrable wall of Blue and White linemen.

At times it seemed a battle of coaches. Washington played smart football and Moorehead coached men showed form that resembled a college squad in action. Only once did Coach Hays of Greenfield outguess wily Moorehead and that was in the second quarter when two times McClain crossed the Washington goal by a clever shifting of players that put new life for a few minutes into the Gold and Black team.

Greenfield won the toss and chose to receive at the west goal. Stroup took the ball and was downed at the forty yard line. Greenfield made nothing in four attempts and the Washington team took the ball on downs. Deen made twenty yards around left end and then carried the ball twenty yards around the other end for a touchdown. Rogers' fine interference in upsetting the Greenfield quarter back allowed Deen to cross the line. Deen missed goal.

Washington High scored again with a sharp forward pass, Miller to Hitchcock. Deen missed goal.

After three minutes of the second quarter had passed Greenfield substituted three players. Branch went to end for Bungarner. Bungarner took quarter from Anderson, and Anderson took Armstrong's place at right half. Four yards from the line, Stroup, Greenfield's 210 pound full plunged across for McClain's first score. Goal was kicked.

The Greenfield team was playing good football and shortly before the whistle blew for the first half a forward pass to "Softy" Robinson stood the score 14 to 12 for McClain.

But it was another Washington team that came back on the field when the second period began. Greenfield was swept aside and by plowing through the McClain representatives at will, taking desperate chances and tackling with vengeance, two touchdowns went across in each quarter and Carroll Flee booted the pigskin between the bars for the extra point each time.

"Beansoup" Deen waded through the line for twenty yards in opening the attack with the first touchdown of the period. Quarterback Miller duplicated the act in the same quarter by going around left end from the five yard line while the Washington line held every Greenfield player in place.

Washington was not to be stopped. Captain Tommy Rogers, playing one of the best games of his brilliant career, took a forward pass and went thirty yards for a counter. Following this brilliant play, Deen intercepted a McClain pass and went twenty yards before he was down. Rogers ended the scoring when he went through the entire Greenfield team for a touchdown from the forty yard line.

WHEN POPE CELEBRATED MASS WITH KNIGHTS OF COLUMBUS

Pope Benedict, kneeling in foreground, during the services in vatican gardens. The group of members of the Knights of Columbus who have been abroad studying conditions as representatives of that body, were signally honored on their visit to the vatican when Pope Benedict, after receiving them, celebrated high mass in the vatican gardens in their honor. The photo above shows the pope and some of the knights during this service.

er, took a forward pass and went thirty yards for a counter. Following this brilliant play, Deen intercepted a McClain pass and went twenty yards before he was down. Rogers ended the scoring when he went through the entire Greenfield team for a touchdown from the forty yard line.

Washington's play was featured by the tackling of Perill and Thompson on the line, who frequently threw the Greenfield backs for a loss, and by the defense play of Deen. The interference of Captain Rogers and George Larch was a polished feature of the contest.

FLOOR FALLS DAMAGE \$2000

Dale Furniture Store is Scene of Expensive smash Saturday Afternoon

Will E. Dale, furniture dealer of this city, sustained a loss of some \$2,000 late Saturday afternoon when a portion of one of the mezzanine floors in his large furniture store collapsed and ruined some of the most expensive living room suites in the store, before they could be removed to safety.

A large quantity of new furniture had been placed on the floor and too much weight caused one or two of the support rods to give way, allowing the floor to drop in the middle, piling the furniture on the fallen floor into a confused heap, and crushing many pieces on the floor below.

Mr. Dale estimates the loss at fully \$2,000, with no insurance covering the loss.

The work of replacing the fallen floor was completed Sunday and additional braces arranged to make the floor capable of holding several times the weight necessary.

Two serious automobile accidents occurring in this county Sunday were reported to the Fayette County Automobile Club for investigation.

When a heavy sedan, containing John W. Johnson and family of Cedarville was struck by a touring car near the Ross county line on the Chillicothe pike it was completely wrecked and was towed to this city for repairs. The occupants escaped injury.

Percy Smith and family of Xenia had a miraculous escape Sunday afternoon enroute to Maple Grove Springs. Their car was knocked down a fourteen foot embankment when struck from the rear by a fast traveling car near West Lancaster.

It was stated by Smith that he heard the warning of the approaching car and pulled over to the side of the road to permit it to pass. His automobile was shoved from the road and after breaking off a concrete post at a culvert rolled down a fourteen foot embankment. Although the car was completely wrecked the occupants were not injured seriously.

The other car did not stop to investigate the damage, it is claimed, but kept on up the road and its identity was not learned.

The Fayette County Automobile Club has taken up the matter and is making a careful investigation.

Measurements have proved that Smith gave the other car more than half the highway, it is announced.

ATHLETICS WIN THE OPENER AT SUNNYSIDE PARK

The Washington Athletics came to life Sunday and handed Sabina the short end of an 11 to 6 score in the first contest of their three-game series at Sunnyside Park.

The game, although lop-sided in score, was interesting and the crowd of five or six hundred people, including large delegations from Sabina and Wilmington.

The features of the contest were the fielding of Corwin and Doyle, the hitting of Grandle, Noon and Jones and the catching of Emery. From the pitching standpoint the game was not of very high class order. Gains not having to exert himself, while Adams was wild and ineffective, the Athletics showing a decided liking to his slants when he did manage to get them over.

Reason, who succeeded him in the sixth, got by with but two hits.

The second game of the series is booked for Sabina, next Sunday, Leachy, crack third baseman of the Sabina team, was absent Sunday, but he will be in the game next Sunday. It is expected that the team will be strengthened in several other places also.

CRAP SHOOTERS GET OFF EASILY

Some thirteen boys were rounded up by the police Sunday night, after being either captured or their names obtained following a "social" game of crap shooting in a room in the business part of the city, and Monday morning each drew \$1.00 and the costs, with admonition to beware of a second offense.

No names were announced in connection with the affair, and it is understood the entire group was composed of boys under 21 years of age.

day and the body taken to Dayton for burial.

Mrs. Charles W. Bush, a sister of Rev. Seabrook's late wife, formerly Effa Mark, who died in Ripley four years ago, and Mrs. J. L. Mark, a sister-in-law, went to Akron for the services. Mrs. C. A. Slagle, Mr. and Mrs. Charles L. Hard, joined the family at Dayton for the burial.

Rev. Seabrook was a member of the Ohio Conference for a number of years following his marriage, and was later transferred to the Nebraska Conference, and at one time was Chaplain of the Legislature of Lincoln, Nebraska.

He is survived by two sons, Harry Seabrook, of Akron, Ohio, and Harvey of Atlanta, Ga., and two daughters, Mrs. James Baker, of Lincoln, Neb., and Mrs. Guy Atkins of Erie, Pa. Other relatives of Rev. and Mrs. Seabrook besides those previously mentioned are Rev. P. L. Mark, of Westerville; Mrs. I. M. Sollars, widow of the late Rev. Sollars, of Columbus, and the children of the late Capt. G. M. Elchbarger, chiefly in the Jeffersonville locality.

DISCUSS JAZZ MUSIC CRAZE OF THE PRESENT

One Instructor Says It Does
Not Require Study. Any
One Can Play It, There-
fore It Is Popular.

Popular Music For Dancing
Here To Stay, They Say.
But "Jazz" Is Just a Fad.

"Jazz" music!

Webster, the one and identical Noah, with L. L. D. attached to his name, didn't try to define it in his latest edition of the dictionary and even the numerous lexicographers who based their work on the lifetime brain child of this famous man, have failed to include it in their meaning of English, or American, language.

Even several local music teachers, both vocal and instrumental, hesitated to express their opinion of it when interviewed and then some of their opinions wouldn't do to print in any dictionary.

Some people call it rotten, some call it great, and others just endure it. Practically all are subject to it once in a while.

Never before in the history of the country has jazz music, as it is known the world over—for the same name is used in almost all languages—been so popular as at present. This city itself didn't escape and old and young in time recently passed, have fallen under its magic spell and have exclaimed, "take me to that land of jazz" or something to that effect.

But the best musicians are against its ravages into the ranks of the more expert not setting brigades. The faithful custodians of those bars of sweet melody that never grow old and that have thrilled millions for years are gazing with a quizzical eye

"BRING YOUR OWN" IS H. C. L. SLOGAN
OF THESE NEW YORK UNIVERSITY GIRLS

Three of the students selecting a spot in Washington square to eat their home-packed lunches.

Girl students at New York University are waging a campaign against old H. C. L. in general and against high restaurant prices by carrying their lunches. On pleasant days they lunch on the lawn in Washington Square park. Their move has caused many New York workers to quit restaurant fare for the lunch box.

upon the new order of "music" and have set their minds accordingly.

Here are a few remarks on jazz music from leading instructors of music in this city:

"It can hardly be classed as music just sound. So far as I know, Mary Garden is the only one of the leading musical stars of today who prefers it."

"Jazz music is not destined to last long. It is serving its purpose, that of being used for the modern dance. Hundreds of homes are filled with good music and the jazz craze in my estimation is dying out."

"I prefer not to teach a pupil the jazz music of today. Some of the popular airs bear study but the 'jazzy' kind are not to be considered." "Jazz" music is not beneficial in any form. It is written by those who have just a slight conception of composition and nothing is to be learned from it."

When asked to account for its popularity one of the instructors said: "It requires no study. Therefore anyone can play it."

Want to know what the "younger set" really thinks of jazz. Two young women of opposite type were questioned in this respect and both declared it was just the thing for the dances, but that as for their music in the home, well, they preferred something else, popular but not that "jazzy kind."

The summed up opinions of all was this: Popular music, in limited doses and especially for dancing, is here to stay, but the kind that comes in packages labeled "jazz" is finding sincere favor in only scattered spots and is on the toboggan slide to join the long list of fads that have had their day.

COUNTY RECORDER ENDORSES DRECO

Declares this great root and herb medicine has relieved chronic constipation, liver trouble and indigestion; sleeps better and gained much strength.

Every man, woman and child nearly in Butler county, knows that agreeable and upright man Mr. Henry C. Gray, Hamilton, Ohio, who was for two terms county recorder and auditor, Mr. Gray, in a signed statement, says:

"I am pleased to tell my friends and neighbors of my experience with the new remedy Dreco, which has given me such splendid relief from the bowel and liver troubles I've had for so many years. I find since taking Dreco that my bowels action is free, easy and normal without straining. My kidneys are functioning regularly. I sleep and rest better, enjoy my meals, without fear of the after effects, such as indigestion and gastritis. My nerves are stronger; in fact, I cannot praise Dreco too highly for the wonderful amount of good it did me in such a short time. This medicine deserves all the praise that is being given it."

Dreco is made from the juices of twelve different herbs, barks, roots and leaves, which acts directly upon the stomach, liver, kidneys, bladder and the blood and tends to relieve constipation, headaches, rheumatism, catarrh, biliousness, dizzy spells, heart fluttering, gas on the stomach and other troubles.

All druggists now sell Dreco and it is being especially introduced in Washington C. H. by Frank Christopher. — Advt.

NEW YORK RATES HIGHEST IN WORLD SAYS COMPTROLLER

Washington, October 18.—"Unjustifiable interest exacted on demand loans" by New York City banks has been an active contributing cause of the "huge shrinkage" in all security values during the past year, Comptroller of the Currency Williams declares in a statement.

He charged that call money rates in New York were the highest in the world and that renewal of rates fixed daily by a small "coterie" of stock exchange brokers governed "the interest charged in brokers' loans in nearly all New York banks."

There is every reason in the world why every farmer should buy a Fordson Tractor, while there is not a single reason in the world why a farmer should not buy a Fordson Tractor.

In the claims we make for the Fordson Tractor as being the superior farm tractor, there is nothing of boasting. Our claims are based upon demonstrated facts. In every sensible test that has been made (and we don't believe in any jockeying or technical tests) but in the real common sense work on the farm—the work the tractor was intended to accomplish—we say, in all such tests the Fordson has stood head and shoulders above all competing tractors. And this is best proven in the fact that while there are about three hundred thousand farm tractors in use in the United States today, and while tractors have been sold to farmers for twenty years, and while the Fordson tractor has only been on the market two years, more than one-third of all the tractors in use in the United States are Fordson tractors.

Now you can't upset a fact. You can't back away from an established truth, and there it is—out of three hundred thousand tractors, one hundred thousand are Fordsons, and there are probably some fifty different makes of tractors on the market. Just let your common sense consider these facts. "Figs are not plucked from thistle bushes, nor plums from thorn trees."

The Fordson tractor has the necessary power. It is economical in operation. It is flexible in control and operation. It is simple in design, and it is sturdily built of the best iron and steel. It is the product of the genius of Henry Ford, and it wasn't placed on the market until Henry Ford had tested it, and tested it, and tested it, before he asked the farmers to buy it. It is no idle faith that in the Fordson tractor Henry Ford has given to mankind one of the greatest benefits which has even come to civilized man.

Now we solicit every farmer to buy one or more Fordsons. Come in and see them. Come in and let us tell you more than we can in an advertisement. Let us demonstrate to you. Let us put it to every test that you ask. The tractor is just as necessary for the farmer as water is in the house. Come in! Look over the Fordson. Test it. Don't take any chances. Don't experiment. Supply your farm with the tractor of established value.

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied, will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

In skin troubles, ordinary soaps are irritating and liable to aggravate the condition. Use Zemo soap. It is antiseptic, soothing, and hastens the process of healing.

TROUBLES FROM MY AGE

Mrs. Baney tells how Lydia E. Pinkham's Vegetable Compound Helped Her Through the Change of Middle Life.

Rochester, Ind.—"My troubles were from my age and Lydia E. Pinkham's Vegetable Compound helped me wonderfully. I took doctor's medicine and other patent medicine but the Vegetable Compound has helped my nerves more than anything I have ever taken. I am thankful to the one who recommended it to me and will surely do my part in telling others what the medicine has done for me."

—Mrs. LETTIE BANAY, 468 East 9th St., Rochester, Indiana.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women and let Lydia E. Pinkham's Vegetable Compound carry them safely through this period. So did Mrs. Baney.

'BEST INVESTMENT I'VE EVER MADE'

After It Helped Me The Way It Did I Can't Doubt Anything Said About It."

"I have actually gained over fifteen pounds in three bottles of Tanlac, and I consider it the best investment I ever made in my life," said James C. Cook, 316 Phillips avenue, Toledo, Ohio, an employee of the Overland Automobile Company.

"A year ago this winter," said Mr. Cook, "I was taken down with a very bad case of the 'flu,' and for some time afterwards was in a mighty bad fix. I could eat nothing but what it made me feel miserable. There was a feeling like a lump of lead and awful pains in the pit of my stomach that often lasted for days at a time. I was also bilious, my complexion was yellow, and unhealthy looking. I lost weight until I had to have my clothes cut down. About two months ago I had such a bad spell with my stomach that I had to lay off from work for several days and live on such things as toast and milk and even then I felt weak and dizzy and had fainting spells every day. I became greatly discouraged as it looked as if my case was beyond the reach of medicine."

"One day I read a statement that described my troubles so well that I immediately bought a bottle of Tanlac. That first bottle helped me so much that I followed it up and the results have been nothing less than wonderful. I have taken three bottles now and have actually gained more than fifteen pounds in weight. I can eat just anything set before me and the fact that I have picked up so rapidly in weight shows how well my food agrees with me. I sleep sound every night and feel as well in every way as I did before having the 'flu.' I used to doubt much that was said about Tanlac, but since it has built me up so wonderfully I believe anything good I hear about it."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis & Co. by I. W. Murphy and in MHI edgeville, E. L. Ford Sons, Lee Ortman, Seiden. — Advt.

Women who are pale, sallow, overworked, no energy and hardly able to drag about, if you could only realize what Vinol, the cod liver and iron strength creator and body builder will do for you we are sure you would not rest until you had tried it.

Miss Phyllis Jones says: "I was run-down, pale, nervous, thin and had fainting spells. My doctor prescribed Vinol. I have gained rapidly since taking it and look and feel better in every way."

Vinol enriches the blood with multitudes of healthy red blood corpuscles and what Vinol did for Miss Jones, it will do for every pale, sallow, weak, overworked woman in this vicinity. — Advt.

EX-SOLDIER HAS

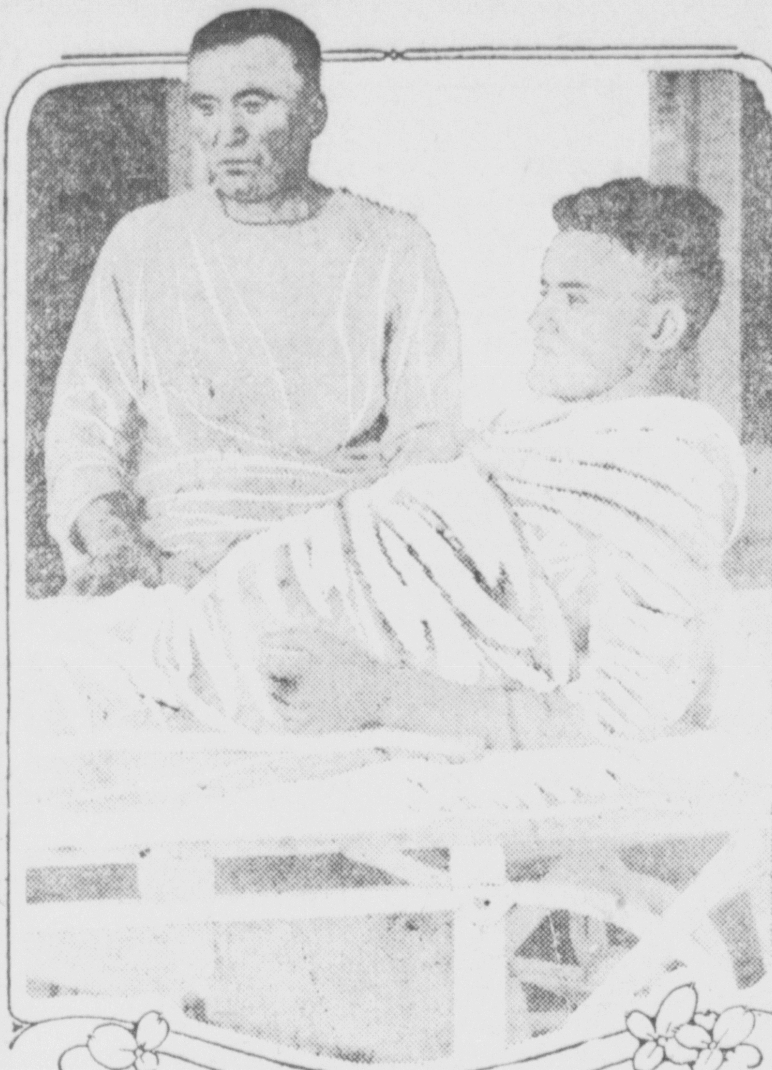

A GOOD STOMACH

"If a man spends six years in the army he surely would have to have a good stomach. I have a good one now and Foley Cathartic Tablets made it that way." If any one does not believe this, let him write to Arthur L. Lyons, 454 Cincinnati St., Dayton, Ohio. That is from a letter received by Foley & Co. Blackmer & Tanquary. — Advt.

FATHER GIVES BLOOD TO SOLDIER SON

James McLean and his son Lawrence, photographed shortly after the transfusion.

When told that the only thing that could save his son Lawrence was blood transfusion, James McLean volunteered, and today the son is regaining his health, which will be completely restored. Lawrence was severely gassed while serving in France, and every other method of curing him was tried before the last expedient of blood transfusion was decided upon.

DEFEATS DERBY SERIES EVEN-UP

Hieronemus Allows Two Hits Sunday and His Team Wins 12 to 2

In a one sided game at Derby Sunday afternoon the Jeffersonville Tigers defeated the Derby A. C. baseball club 12 to 2 and evened up the three game series being waged between the two towns to close the season.

Hunter, Derby's fast lefthander, was not in top form and the Tiger batsmen staged the free hitting act during the entire nine innings. The hitting of Miller, who secured a three base hit and a home run, featured the swatting.

Hieronemus was working on the plateau for Jeffersonville on the livery was solved but for two hits. Errors were mainly responsible for the two runs.

The series now stands even. Derby won the first, the Tigers evened it up Sunday and the third game is to be played at Jeffersonville next Sunday afternoon.

MRS. SARAH SOLLARS IS CHOSEN PRESIDENT

NEXT MEETING HERE

At the afternoon session of the Women's Relief Corps Convention held Thursday in I. O. O. F. hall, memorial services were held in honor of the departed members, with Anna L. McCoy in charge. The School of Instruction followed and this was conducted by Mrs. Nella Bigger, of Columbus. The election of officers then took place.

Officers elected were: Mrs. Sarah Sollars of Washington C. H., district president; delegates to National Convention: Miss Maude Burrell; alternate, Mrs. Clark Poland, Washington

C. H. extended an invitation to the 1921 convention, which was accepted.

Resolutions were expressed in appreciation of the courtesies extended the W. R. C., while in Xenia, including the use of the I. O. O. F. hall, the press, and the serving of the dinner by the Daughters of Rebekah. The report of Mrs. Lois Runyan, of Morrow, a national delegate, was made at this time, followed by an address by the department president.

"The all-day convention proved a great success and the local corps deserves much credit," said Mrs. Elizabeth Carpenter of Washington C. H., who attended the meeting in this city. — Xenia Gazette.

NEW HOLLAND LEGION WILL HOLD CARNIVAL

In an enthusiastic meeting at New Holland recently the Arch Post, American Legion, secured the co-operation of New Holland citizens for an American Legion carnival in the town hall, Thanksgiving day.

Special speakers were on hand for the occasion and these included Rev. Kiefer, of the M. E. church of New Holland, Max Seifert and Edgar Friedman, of the American Legion Post in Circleville. Music was by a quartet.

Funds raised by the Thanksgiving carnival will be used by the Arch Post in equipping club rooms for the Legion.
